**They work in a shop
for explorers, you know,**

**And they're always in early,
no matter the snow.**

**They sell lots of things,
like hot coffee and dairy.**

**And I know what you think,
but they're really not scary.**

**Col stocks the low shelves,
while Steve stocks the high**

**And once every Thursday
they greet Mel flying by.**

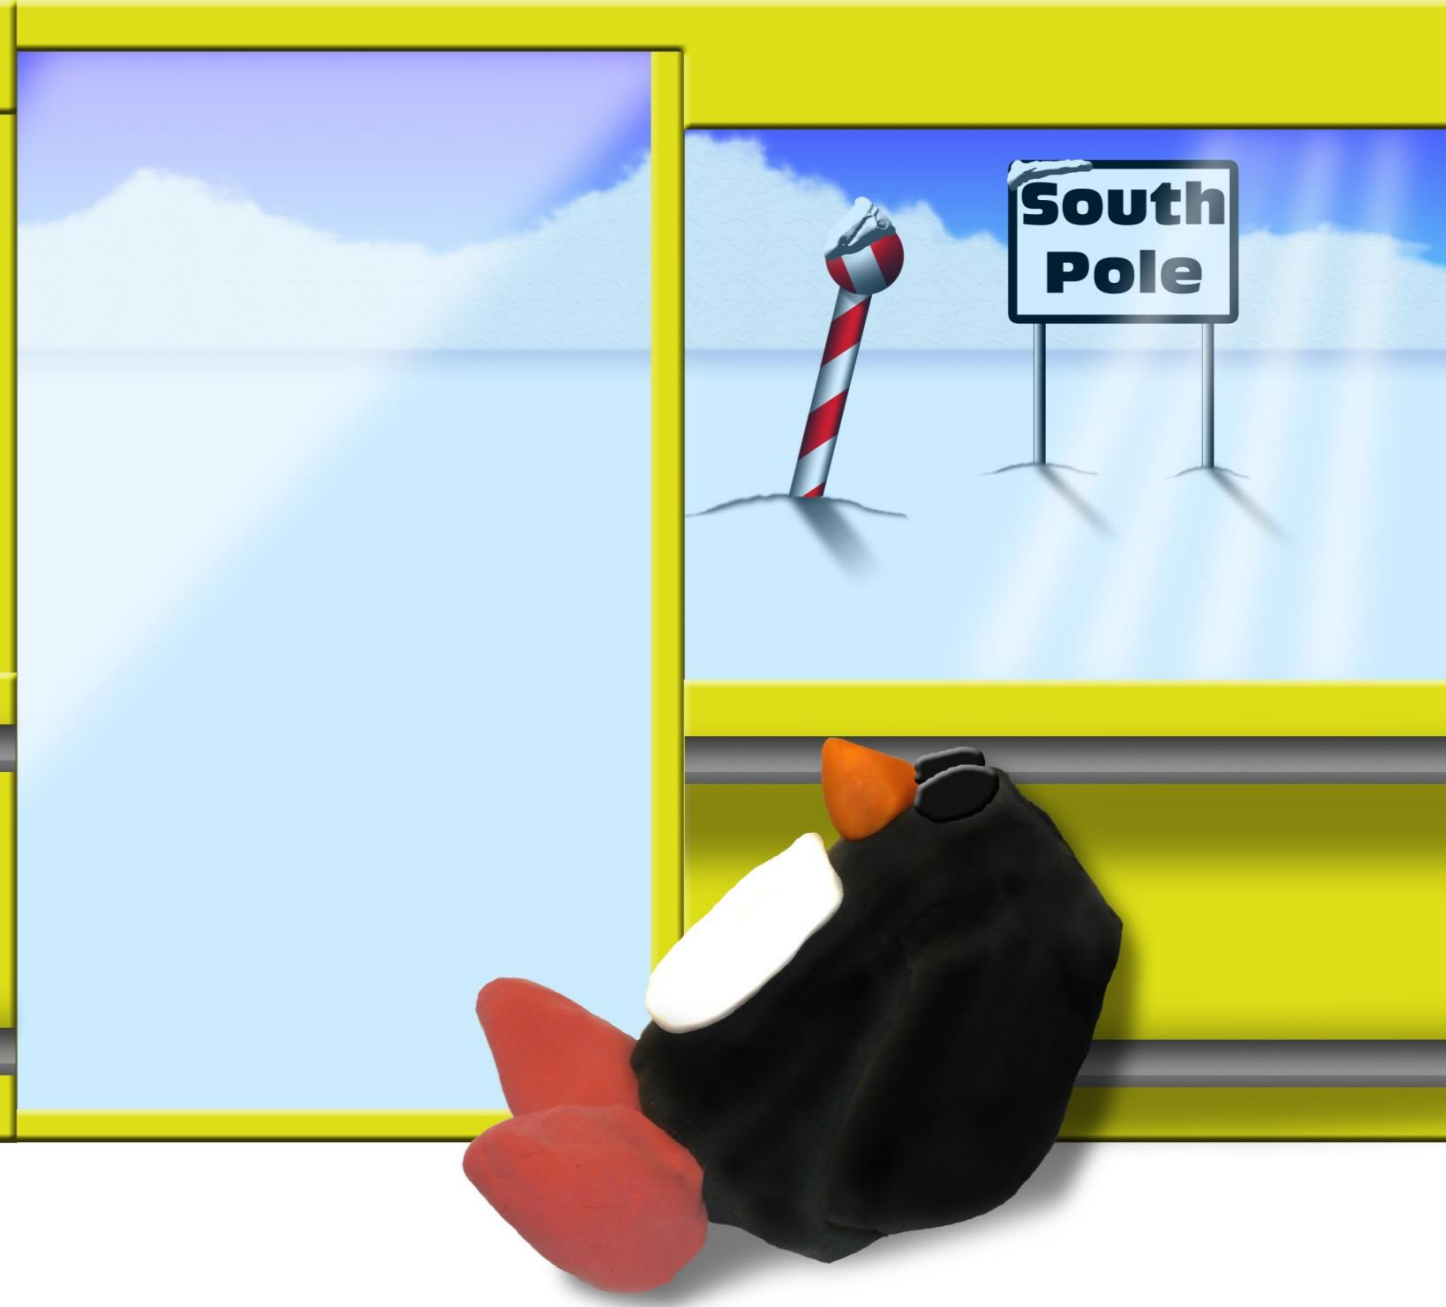

**Some months they are busy,
some months they are not,**

**But they always make sure
their hot coffee stays hot.**

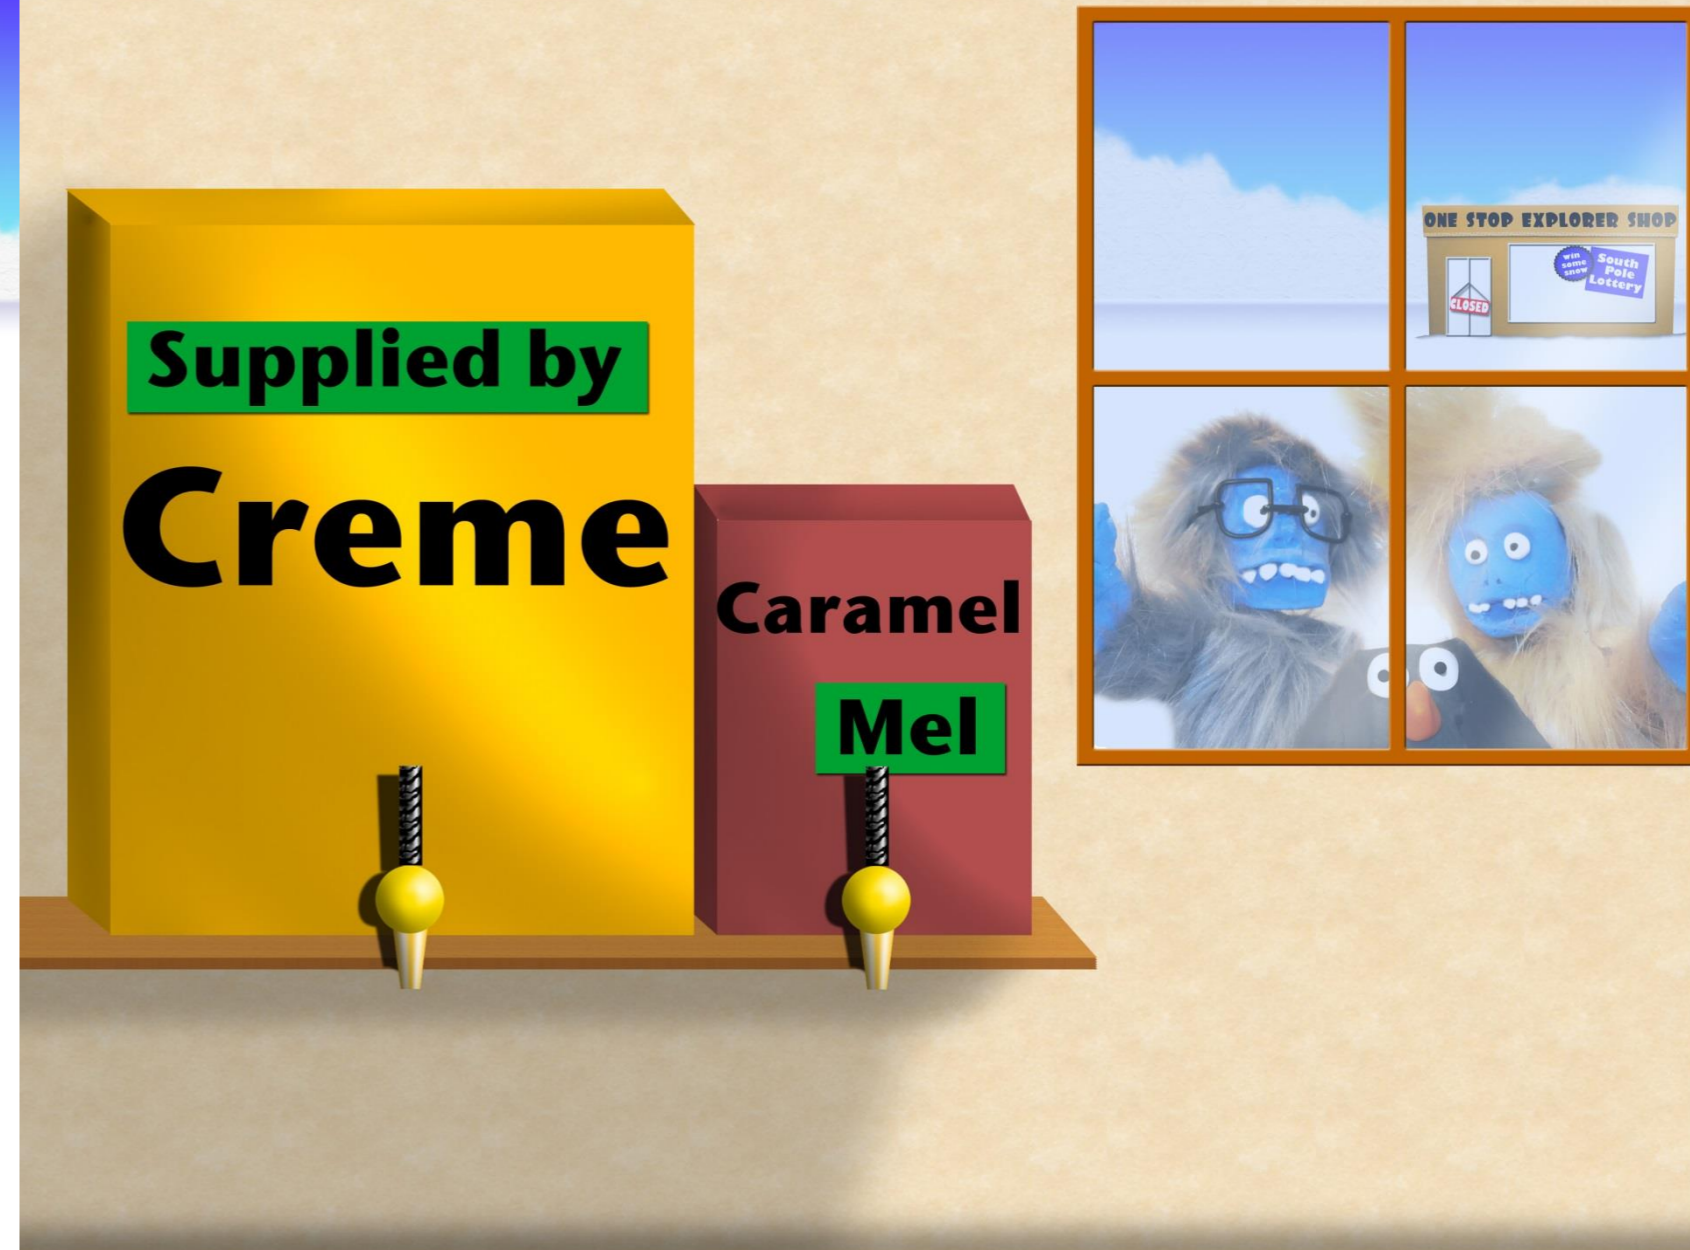

**Col does the sweeping,
and Steve mops the floor,**

**And, not really helping,
Noel sleeps by the door.**

**At the end of the day,
if their shop has done well,**

**They like to relax
with a creme caramel.**

**Col uses an egg cup,
and eats his in one.**

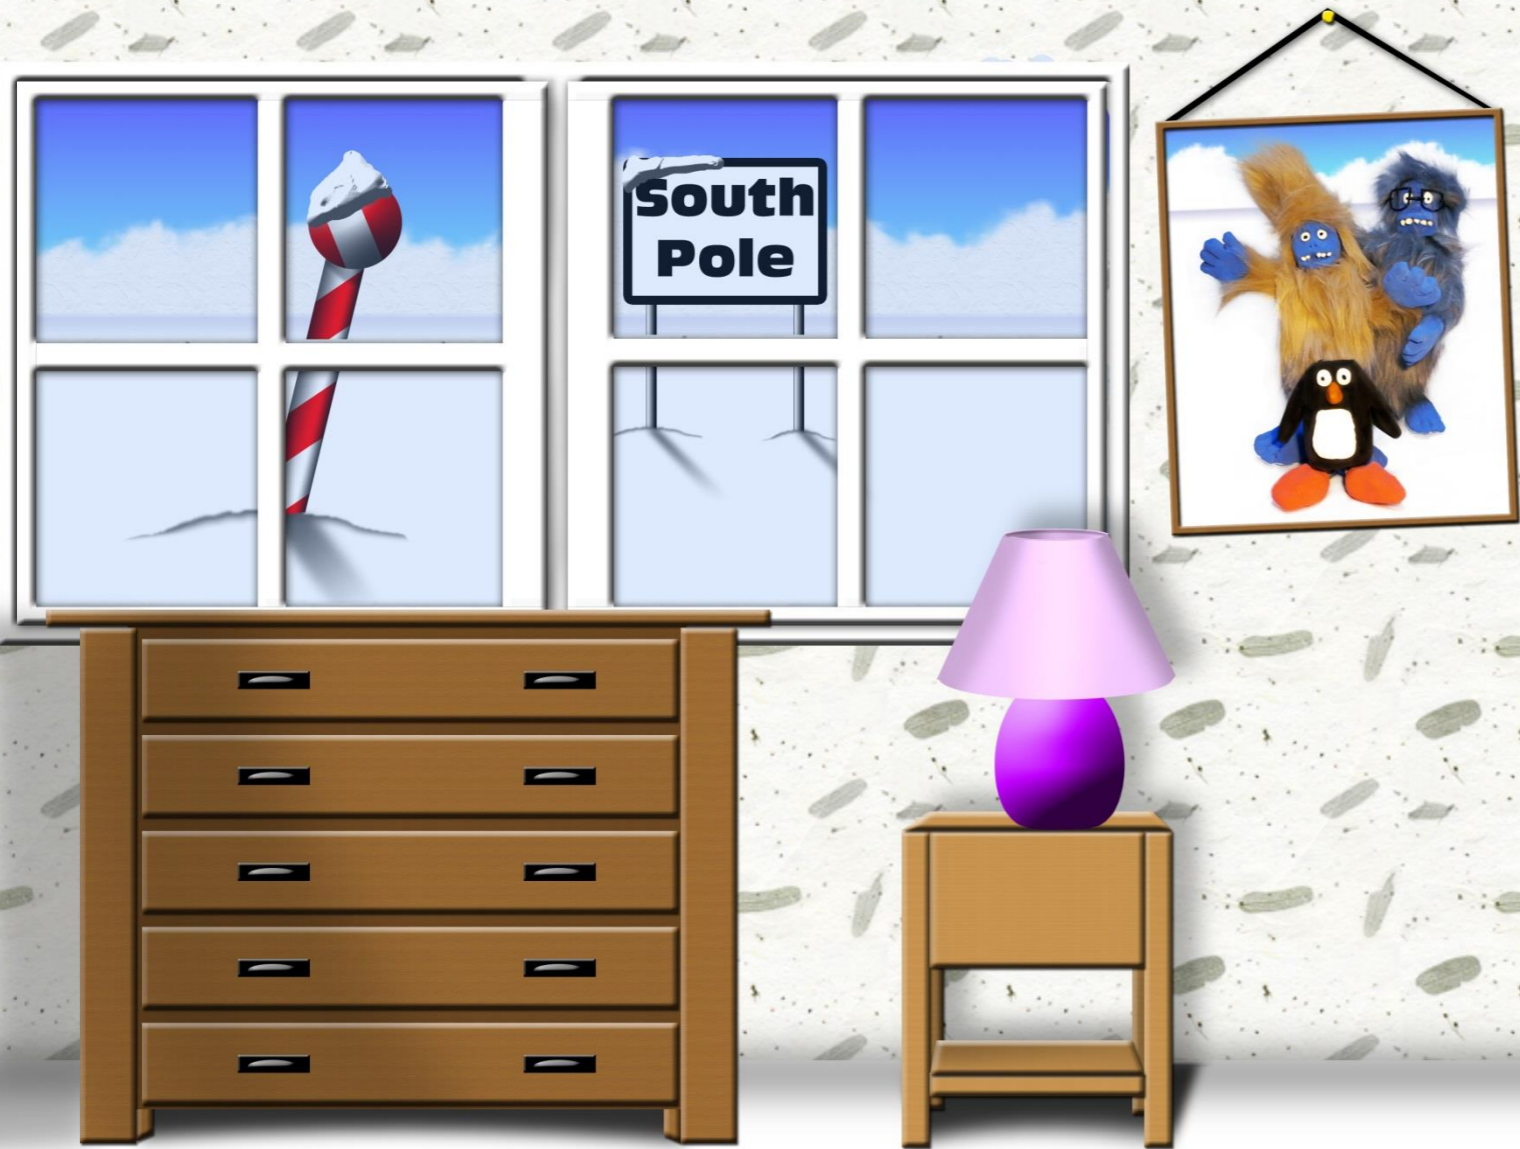

**Steve's is much larger,
weighing almost a ton.**

**And when they're well fed,
and have both brushed their teeth,**

**Col sleeps on the top bunk,
and Steve sleeps underneath.**

**Just to the right
of the southernmost pole**

**Sleep Steve and Col Yeti,
and their pet penguin Noel.**
