For Lydia

**"You know what I think?"
Col picks up his mop.**

**"It really is time
we built a new shop."**

**"There are holes in the floor.
There are holes in the wall."**

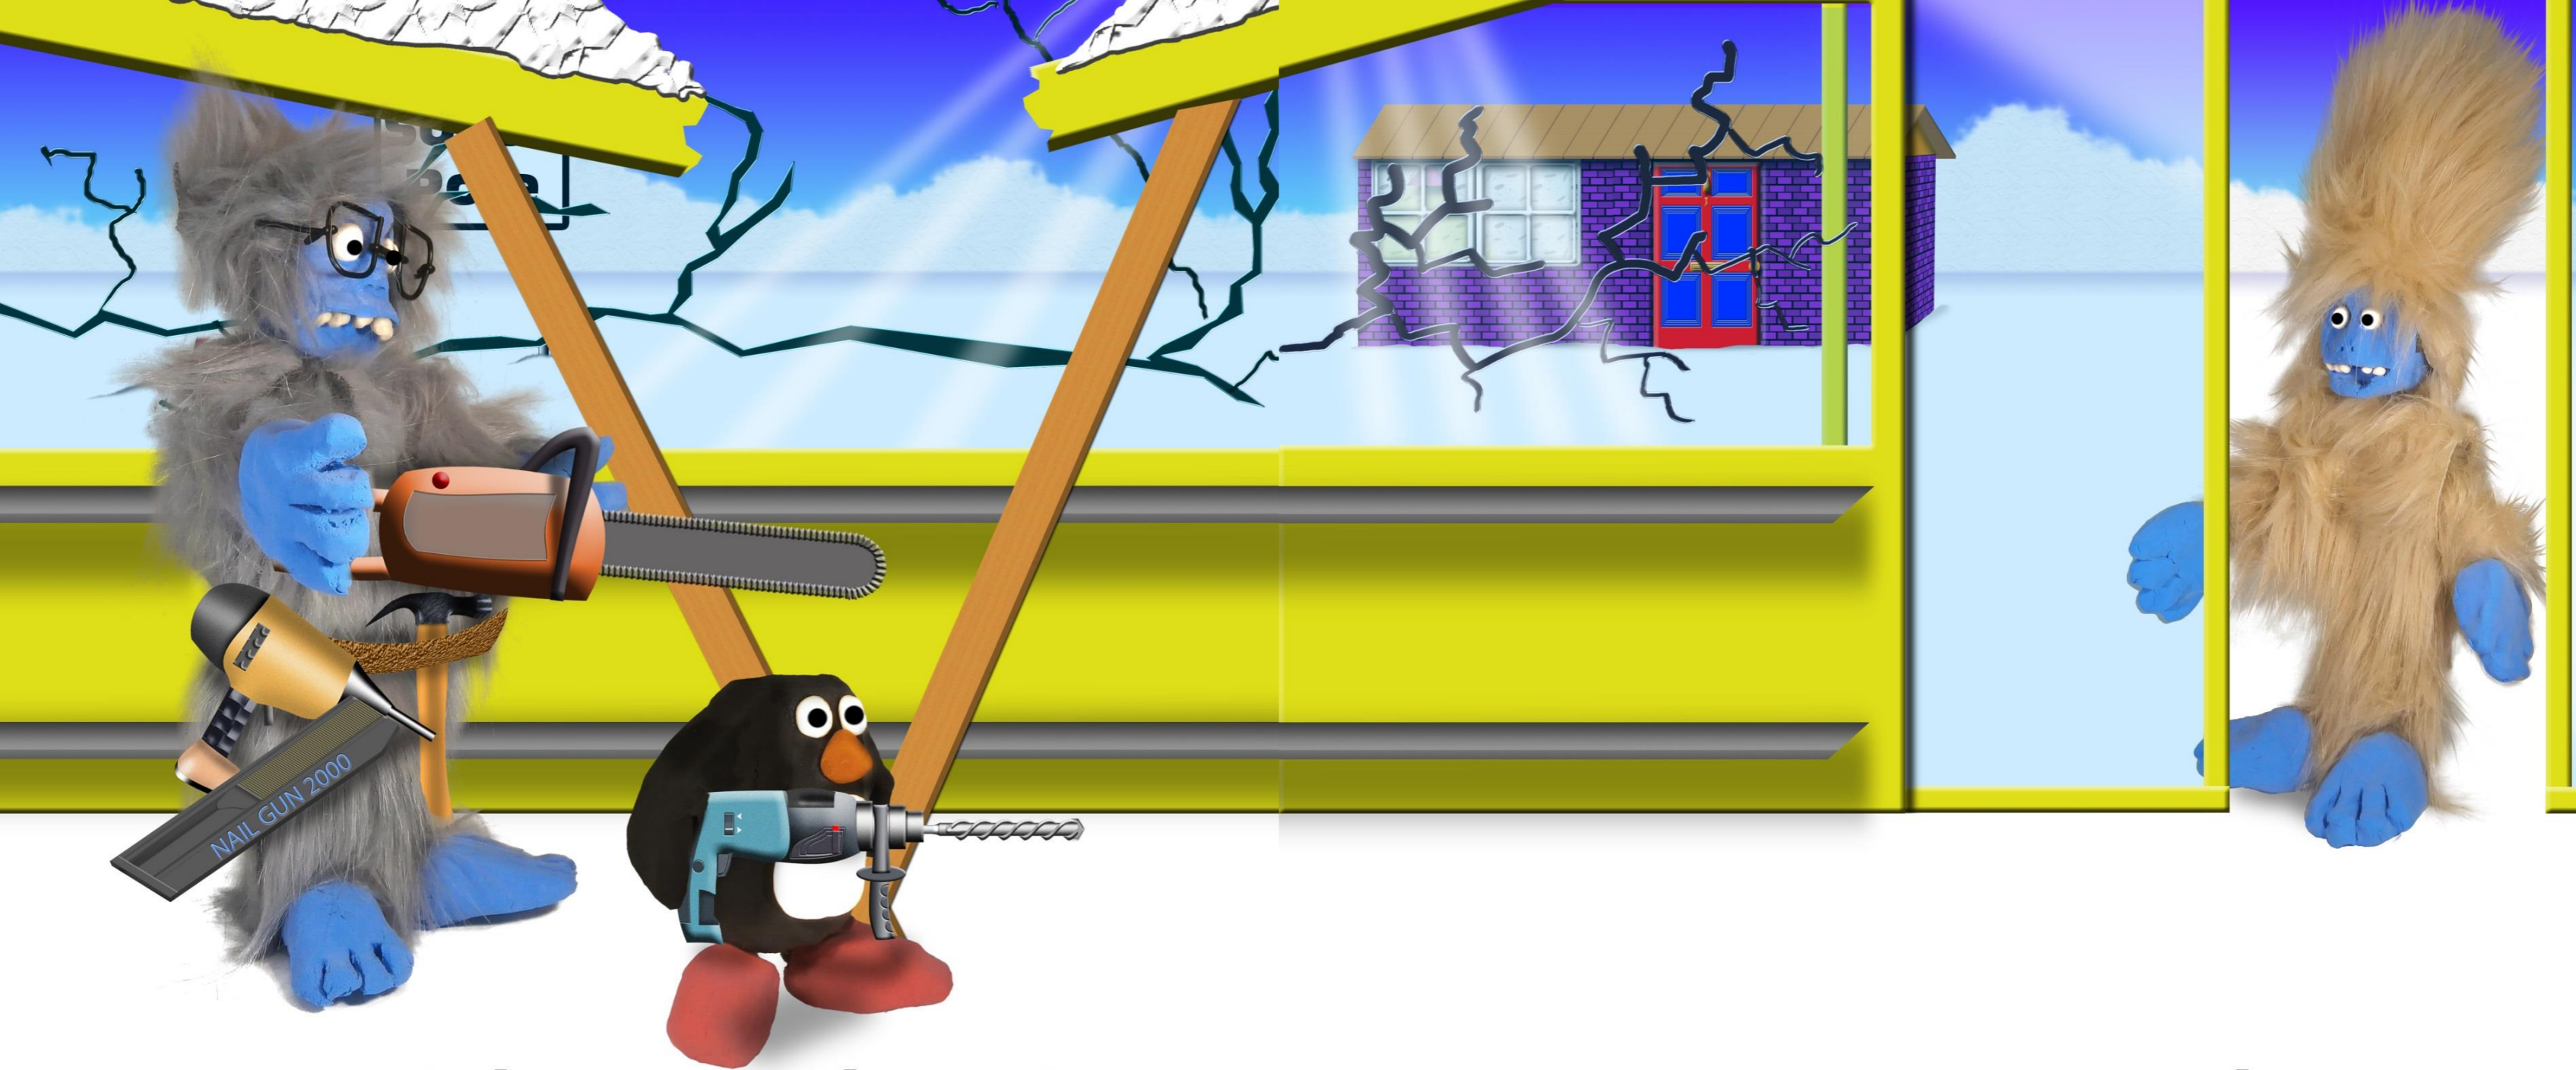

**One gram more snow
and the ceiling will fall."**

**"The floor is no problem.
The walls I can fix."**

**"The ceiling will hold
if I use lots of sticks."**

**Steve brings out his tools
and Noel gets a drill.**

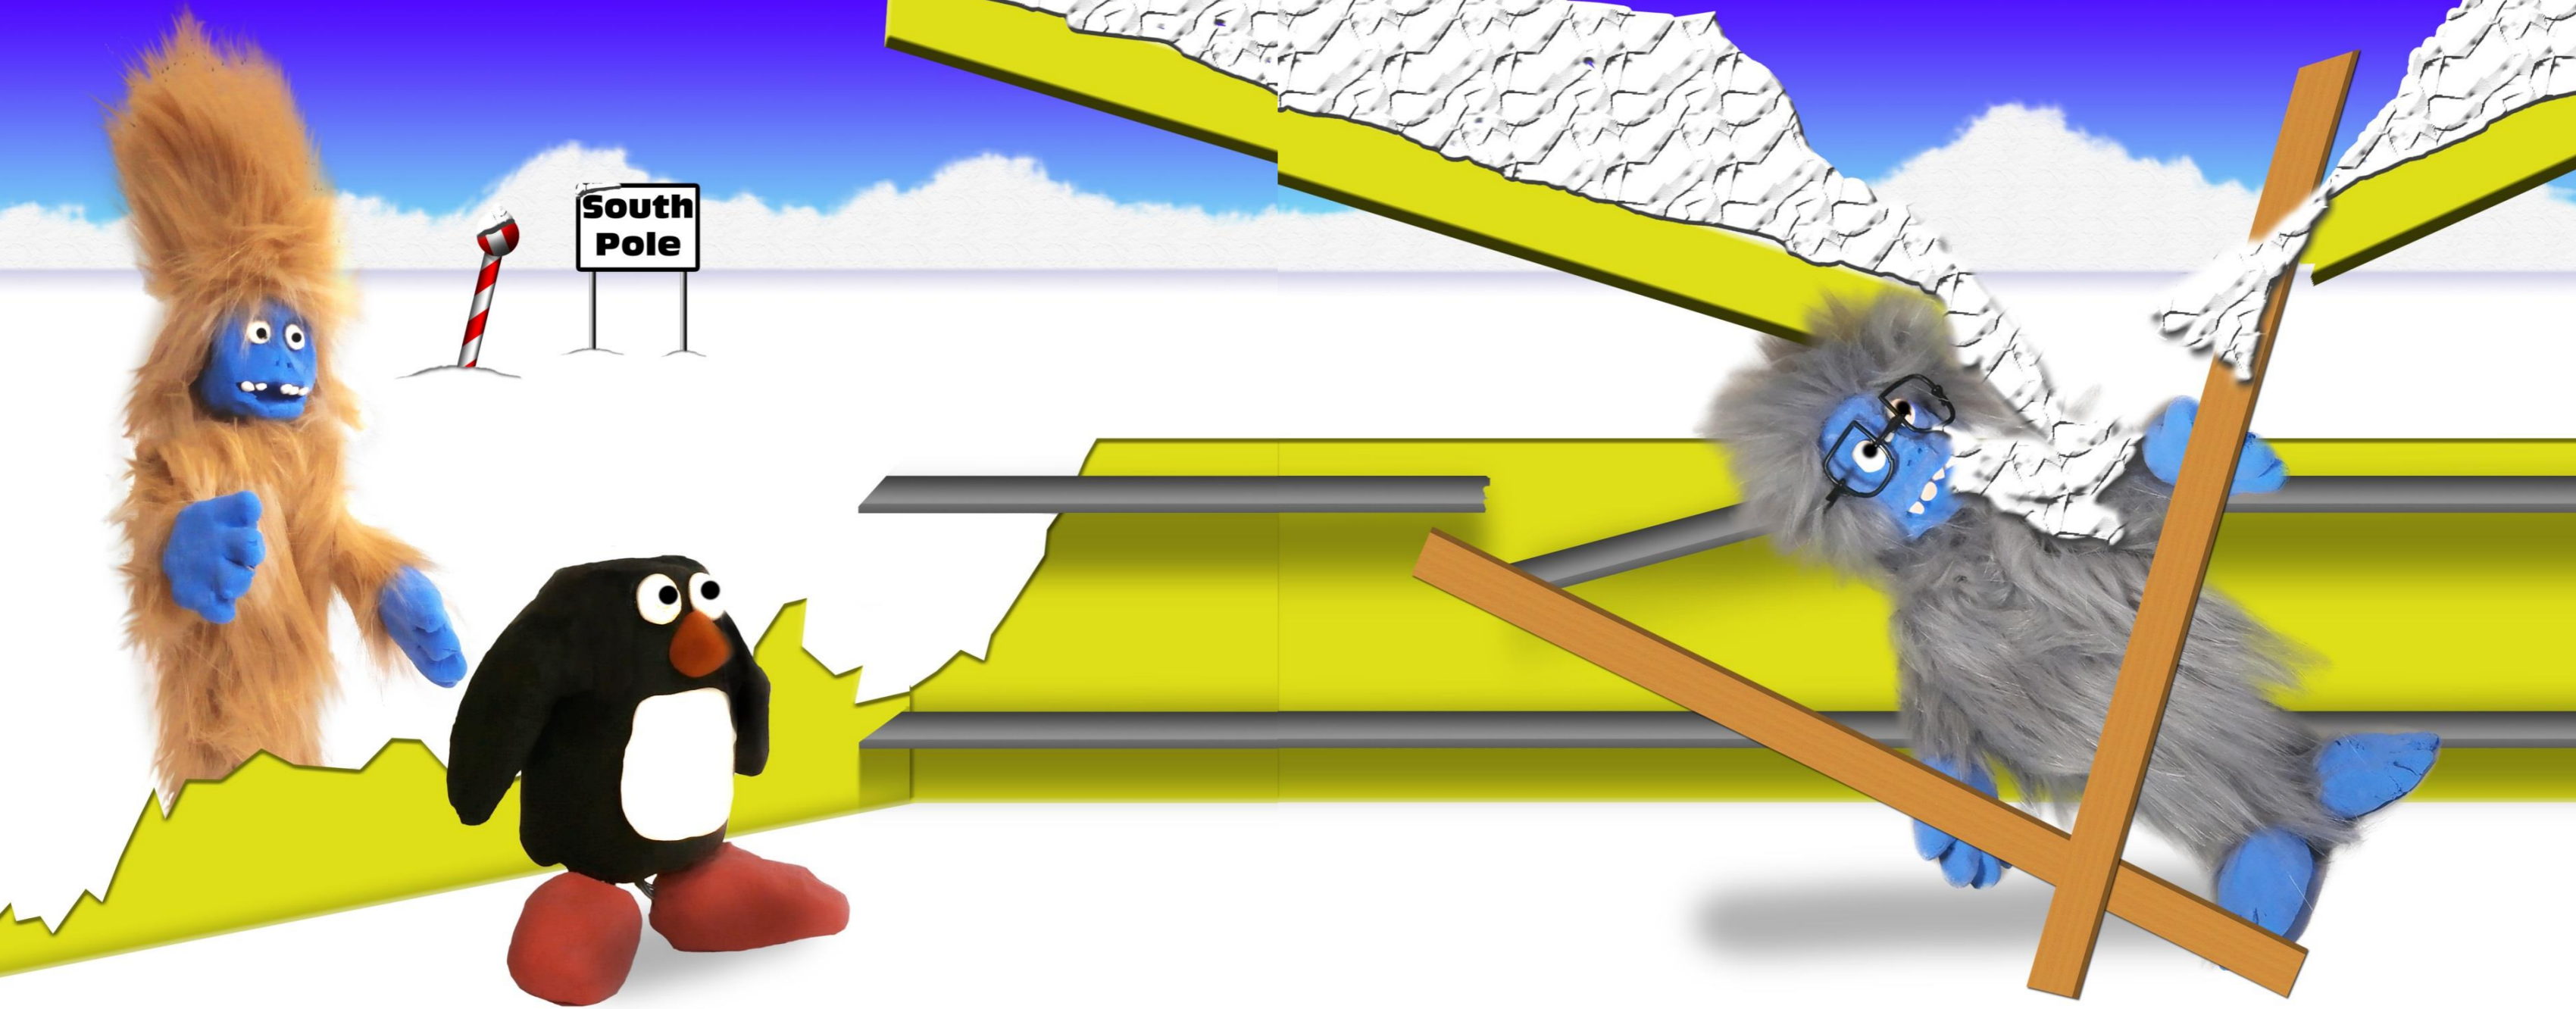

**Col doesn't look worried,
but feels rather ill.**

**With a tap of his hammer
Steve neatens the hole.**

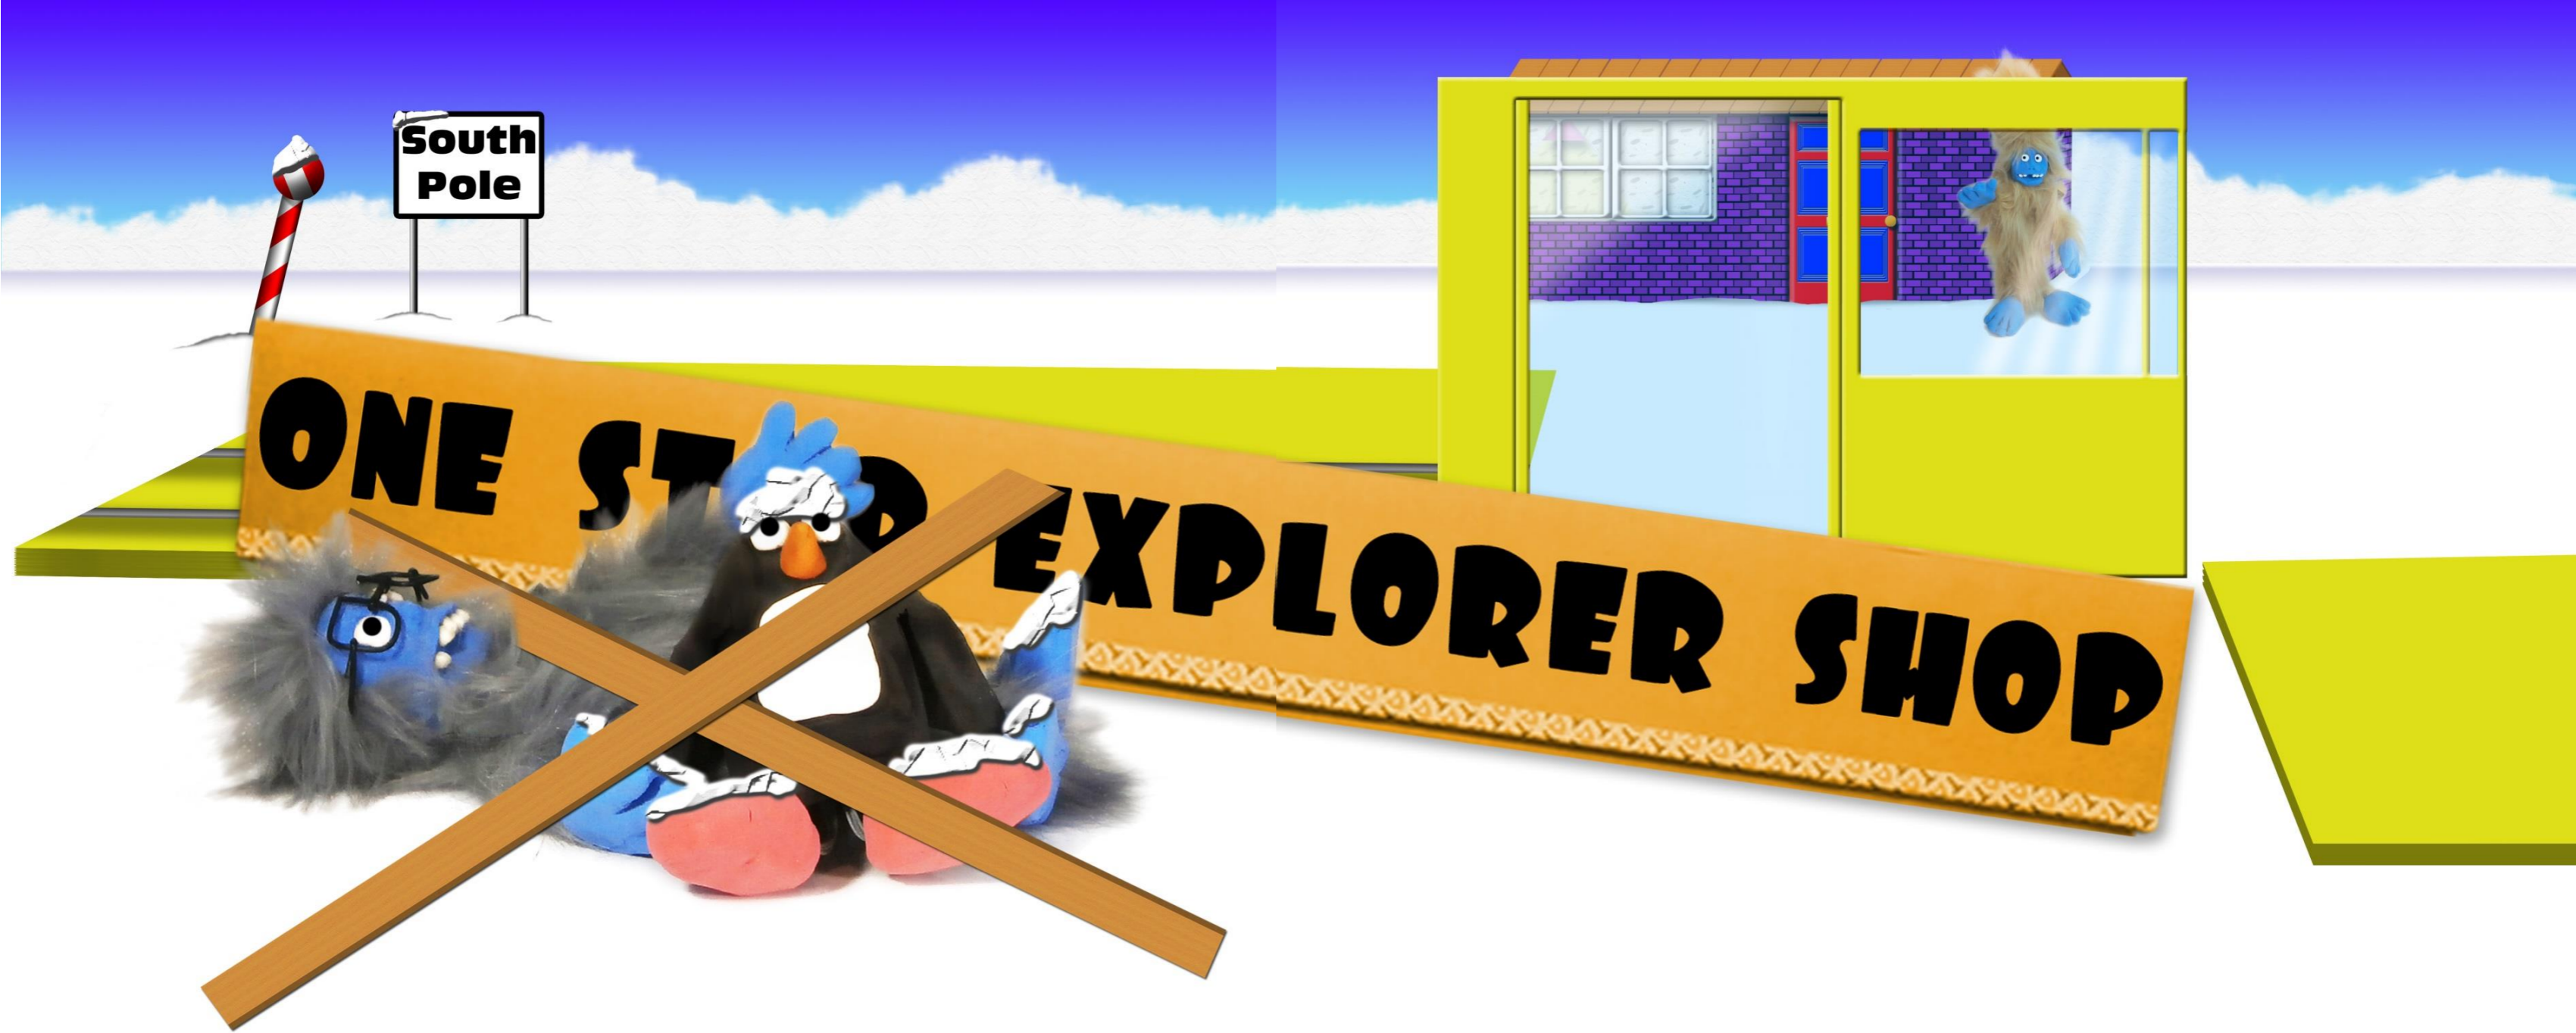

**Once the dust settles
they can see the South Pole.**

"I think that I'll start with the ceiling instead."

Grabbing a stick, the roof lands on Steve's head.

**As they lie on the ground
the wind starts to blow.**

**With hardly a sound
the walls lie in the snow.**

**Noel gets to his feet
to check that Steve's fine.**

**The door softly opens
with a tinkling chime.**

**"We can still fix this mess.
You shouldn't have fussed,"**

**Steve says to Col
as the door turns to dust.**
